# NINETY-EIGHTH ANNUAL REPORT

OF THE

Board of Trustees of the New York Dispensary.

“I was sick, and ye visited me.”

The Ninety-eighth Annual Report of the New York Dispensary is now published by the Board of Trustees for the information of those interested in its work.

The aggregate of patients treated by the Medical Staff of the Institution since its foundation in 1790 to January 1, 1888 is 2,059,969.

During 1887 40,359 new patients applied for medical or surgical care, the classification being as follows:

Treated by the Surgeon and Physicians at the Dispensary, . . . . .	33,722
“ “ “ Dental Surgeon at the Dispensary, . . . . .	3,214
“ by Visiting Physicians at patients homes, . . . . .	3,300
Vaccinated, . . . . .	123
Total number of new patients, . . . . .	40,359

During 1887 and the seven years preceding, the number of new patients treated was as follows:

1880 . . . . .	23,560	1884 . . . . .	27,992
1881 . . . . .	25,171	1885 . . . . .	33,139
1882 . . . . .	24,469	1886 . . . . .	38,687
1883 . . . . .	24,888	1887 . . . . .	40,359

The Board of Trustees takes pleasure in calling attention to the fact that the work of the year was the largest ever known in the history of the Institution and that it is far in excess of that done at the other similar institutions in the City.

The thanks of the Board are due and they are hereby tendered to the staff of Physicians for the results accomplished.

After a careful examination of the department for Investigating the social condition of those applying for free medicines, with a view of excluding impostors, it was determined to discontinue the service of a Visiting Physician. To have obtained full practical results several investigators would have had to be employed at a large outlay of money to the Dispensary. It was the unanimous opinion of the Committee who looked into the matter that the Board was not justified in making the outlay having in view the character of the results obtained.

Stated practically in order to have prevented so-called frauds from obtaining in the year, at the most, three or four hundred dollars worth of drugs the expenses of an investigating department would have been three or four thousand dollars.

The system of the examination at the Dispensary of patients who apply for free medicines has been continued successfully at no additional cost to the annual salary list.

With the growth of the class for Italians it became necessary to have a second physician who speaks that language added to the staff.

The Association for Improving the Condition of the Poor, by furnishing food and fuel, and the Diet Kitchen located in our building, by giving milk and special diet to the sick poor of this district, have, by their liberal and discriminating

charity, much helped our physicians, and merit our hearty thanks.

It is a pleasure to acknowledge our great indebtedness to the St. John's Guild and to the Children's Aid Society for free excursion tickets and one-week tickets for the Seaside Nursery. These most admirably conducted charities have been the means of restoring health to many of the destitute sick children applying to us for help.

To the Society for Ethical Culture the thanks of the Board are due for the valuable services of Mrs. Dilts as District Nurse, through whom much clothing and bedding has been furnished to proper cases needing such help.

The report of the Treasurer shows the financial Condition of the Institution to be satisfactory.

A legacy of \$1000 was received during 1887 from the estate of Samuel Willets, Esq.

A third payment on the legacy of the Burr estate has been received during the past year.

We require the continuance of the support of our Patrons and of the Public which we have received during the past years, and appeal to their generosity, to continue the good work of this time-honored Institution.

ROBERT E. LIVINGSTON,

*President.*

J. LAWRENCE LEE,

*Secretary.*

January 19th, 1888.

Dr. The New York Dispensary in account with Alfred Roosevelt, Treasurer.  
JANUARY 1ST, 1887, TO JANUARY 1ST, 1888. Cr.

To Cash disbursed as follows:		
For Salaries,	\$10,723.57	By Balance last years report,
For Sundries,	69.58	By Cash received for the year
For Printing,	309.07	For Annual Subscriptions, and Donations
For Gas, etc.,	18.37	For Life Members
For Taxes,	38.90	For Dividends and Interest,
For Repairs,	613.37	For Prescriptions,
For Drugs	2,351.23	For Legacies,
For Investments,	40,500.00	For Investments,
Balance	16,987.54	
	<u>\$71,611.63</u>	

The Committee appointed to audit the accounts of the Treasurer, hereby report that they have examined the same, with the vouchers for all payments, and found them correct, showing a balance in the Bank of New York of the credit of the New York Dispensary, of sixteen thousand and nine hundred and eighty-seven dollars and fifty-four cents.

## ANNUAL REPORT OF THE PHYSICIAN-IN-CHIEF.

---

*To the President and Board of Trustees  
of the New York Dispensary.*

GENTLEMEN,

I have the honor to hand you herewith the yearly reports of the Apothecary, Dentist, a summary of the Reports of the District Physician and a table of the entire work of the Dispensary for the year ending December 31, 1887.

I refer you to these as to details, but would here state that the staff take pleasure in calling the attention of your Board to the fact that the total of the year is the largest ever known in the history of the institution.

I would call to the notice of the Board, the advisability of continuing the system of checking prescriptions now in vogue as being comparatively perfect and as the only one which can be put in force without cost to the Dispensary.

The arrangements for cleaning the building have been much improved upon during the year, extra help having been engaged, but there is still improvement to be made in this very important work.

The following table shows the results of work in-door and District for the three years past during which the Dispensary work has been done by a paid staff.

	1885		1886		1887	
	Total number of new patients in classes	Total number treated in classes	Total number of new patients in classes	Total number treated in classes	Total number of new patients in classes	Total number treated in classes

Vaccinations, . . . . .	179	.....	129	.....	123	.....
Total of In-Door Department, }	29,772	79,066	35,165	105,123	37,059	105,633

Dist. Patients treated } at their homes, . . . . .	3,367	6,042	3,522	6,374	3,300	7,254
District Patients consultations at the Dispensary, . . . . . }	.....	7,849	.....	7,790	.....	7,030
Grand Total . . . . .	33,139	92,957	38,687	119,287	40,359	119,917

During the year the Dispensary has been thoroughly cleaned and painted, adding much to its good sanitary condition. Certain changes and repairs were found necessary in the plumbing and the work has been completed.

During the summer Dr. Lindsly, for many years a consulting Physician to the Dispensary, died at an advanced age.

In the preparation of this annual report I have had the assistance of the members of the staff for such details as belong to their departments, and from Mr. Bachmann, the Janitor, who has collected and tabulated the materials used in the sheet showing the attendances of the classes.

Respectfully submitted

GEORGE E. MOORE, M. D.

*Physician-in-Chief.*

# NINETY-NINTH ANNUAL REPORT

OF THE

Board of Trustees of the New York Dispensary.

“I was sick, and ye visited me.”

The Ninety-ninth Annual Report of the Board of Trustees of the New York Dispensary, although published for the information of those personally interested in its work, can not fail to be instructive to all who are interested in charitable institutions and who are anxious to lend a helping hand to the sick poor of our great City.

The aggregate of patients treated by the Medical Staff of this Institution since its foundation in 1790 to January 1st, 1889 is 2,098,668.

During the past year 38,699 new patients have applied for medical and surgical aid, making a total of 102,818 cases treated, a number far exceeding that of any similar institution in the City.

The Board of Trustees while taking great pleasure in calling attention to these facts believe there is still need for greater efforts on the part of the friends of the institution in advancing this great work of caring for the sick poor of our district.

For the careful, kind and intelligent treatment of this large army of patients, the Board feel deeply grateful to the corps of physicians who have worked faithfully in the interest of their patients and the institution.

483  
V.99

The plan of charging the patients ten cents for their medicine is still continued, and although no one is allowed to go without medicine for lack of means to buy it, (the physician-in-chief having power to grant free medicine to all deserving poor), most of the patients are willing or prefer to pay something for the benefit they receive, thus lessening the abuse which always results from an absolutely free system and at the same time making the patients more independent.

Out of 78,685 prescriptions 69,322 were voluntarily paid for by the patients.

The Association for Improving the Condition of the Poor, by furnishing food and fuel; the Diet Kitchen located in our building, by giving milk and special diet to the sick of our district; and the New York Flower Mission by donations of flowers and fruit have by their liberal charities not only been the means of bringing much joy and comfort to the homes of our poor but have directly assisted our physicians in the treatment of the patients and thereby merit our most sincere and heartfelt thanks.

There is no charity in the City for which we are more directly indebted than to the St. John's Guild and Children's Aid Society for their gifts of free excursion tickets and Seaside Nursery tickets to the sick children of our district. The lives of many children under treatment at our dispensary have been saved by means of these free excursions and Seaside Nurseries and it is a pleasure for us to acknowledge the great benefit we derive from these noble charities.

Mrs. DILTS the District Nurse is still with us and to the Society of Ethical Culture our thanks are due for her valuable services. Not only is she of the greatest assistance to our District Physicians by nursing the sick but also by

supplying them with proper clothing and bedding — much needed and very acceptable donations from our patrons.

The final legacies of \$1000 from the estate of Samuel Willets, Esq. and \$9,219.53 from the Burr estate were received during the year.

The reports of the Treasurer and Physician-in-Chief show that the general condition of the dispensary to be most satisfactory to the Board, and warrant enlarging the scope of the institution.

We therefore ask for the continuance of the support of our patrons to aid us in maintaining and enlarging the work of this time honored institution now entering upon its Centennial year.

ROBERT E. LIVINGSTON,

*President.*

DAVID MAGIE, M. D.,

*Secretary.*

January 16th, 1889.

## OBITUARY.

---

### **ROBERT E. LIVINGSTON.**

---

By the death of ROBERT EDWARD LIVINGSTON on Sunday evening the 20th day of January 1889 the sick poor of the City of New York have lost a devoted friend.

He became a life member of the New York Dispensary in the year 1870. In the year 1874 he was elected a Trustee.

In the year 1885 he was made President of the Board of Trustees. He continued to fill that office until his death.

The records of the Society show how thoroughly he labored for the welfare of the unfortunate objects of our care. How simple and unobtrusive was the zeal which prompted his activity can only be manifested by those who were privileged to be associated with him.

His death was sudden. While we were re-electing him he had already been translated and received his crown of glory.

We the Board of Trustees direct this entry to be made upon our minutes as a permanent memorial of the virtues and kindness of our deceased President and friend and of our appreciation of his conscientious and unfailing efficiency in the discharge of his duties.

RESOLVED, that the foregoing memorial of ROBERT E. LIVINGSTON, late President of the Board of Trustees be entered upon the minutes and a copy transmitted to the family of the deceased and published in the "Times" and "Post".

NEW YORK DISPENSARY,

January 28th, 1889

The New York Dispensary in account with Alfred Roosevelt, Treasurer.

JANUARY 1ST, 1888, TO JANUARY 1ST, 1889.

To Cash disbursed as follows:		
For Salaries,	\$10,639.24	By Balance last years report,
For Sundries,	35.53	By Cash received for the year
For Printing,	217.35	For Annual Subscriptions, and Donations
For Gas, etc.,	585.85	For Life Members
For Taxes,	29.50	For Dividends and Interest,
For Repairs,	165.02	For Prescriptions,
For Drugs	2,753.36	For Legacies,
For Investments,	43,000.00	For Investments,
For Insurance,	240.00	
Balance	528.07	
	<u>\$58,103.92</u>	
		<u>\$58,193.92</u>

The Committee appointed to audit the accounts of the Treasurer, hereby report that they have examined the same, with the vouchers for all payments, and found them correct, showing a balance in the Bank of New York to the credit of the New York Dispensary, of five hundred and twenty eight dollars and seven cents.

January 29th, 1889.

JAMES O. SHELDON. } *Committee.*  
HENRY LEWIS MORRIS, }

ALFRED ROOSEVELT,  
*Treasurer.*

## REPORT OF THE PHYSICIAN-IN-CHIEF

for the year ending January 1st, 1889.

*To the Honorable President and Board of Trustees  
of the New York Dispensary.*

GENTLEMEN:

I have the honor to submit to you my Annual Report as Physician-in-Chief for the year ending January 1, 1889, and with it the detailed reports of the District Physician, Apothecary and Dentist.

The number of new cases seen and treated by the Medical Staff was 38,699 making in all a total of 102,818 visits to the Dispensary.

Those patients were classified according to their disease as follows:

NAME OF CLASS.	New Cases.	Total Number.
Surgery, Skin and Venereal . . . . .	7737	30511
General Medicine . . . . .	6340	14011
Eye, Ear and Throat . . . . .	3077	11321
Heart and Lungs . . . . .	2739	6861
Women and Children . . . . .	4473	8816
Italian No. 1 . . . . .	6048	12357
Italian No. 2 . . . . .	2135	4588
Dentistry . . . . .	3117	3117
Vaccinations . . . . .	117	.....
District, Cases visited . . . . .	2916	5469
District, Cases seen at Dispensary . . . . .	....	5817
Total . . . . .	38699	102818

During the past year 748 patients have been sent from the Dispensary to the following Hospitals:

Charities and Corrections . . . . .	573
Emigration . . . . .	92
Ruptured and Crippled . . . . .	64
Mount Sinai . . . . .	6
Roosevelt . . . . .	4
St. Luke's . . . . .	3
Chambers Street . . . . .	3
New York . . . . .	2
Presbyterian . . . . .	1

All patients applying for treatment have received it without question as to their ability to pay for the services of an outside physician and thus many have doubtless abused the charitable object of our institution.

I wish to call the attention of the Board to the work of our Medical Staff and other attachés of the dispensary.

All have been faithful in their attendance and punctuality, and diligent in the performance of their several duties.

It is only through their assistance that I can report that even on the days of largest attendance, when over 500 cases have been treated, the work of the dispensary has run smoothly and without a jar, the patients coming and going in such perfect order that a stranger visiting the institution would at once be impressed with its good management.

Thanks are due to Mr. Bachmann, the Janitor, for the neat appearance of the dispensary, for keeping perfect order among the patients and for his assistance in preparing the tables of statistics.

Respectfully submitted

CONDUCT W. CUTLER,

*Physician-in-Chief.*

January 20th, 1889.

# CENTENNIAL REPORT

OF THE

Board of Trustees of the New York Dispensary.

“I was sick, and ye visited me.”

The One-hundredth Annual Report of the Trustees of the New York Dispensary is of unusual interest not only to those personally connected with charitable institutions, but to all interested in the time honored institutions of New York, for we begin to-day our second century of good work.

In the one hundred years of our existence the Medical Staff of the dispensary has treated the aggregate of 2,142,999 patients, probably more than any like institution in the United States.

Year by year we have increased in numbers, until now we frequently treat 500 cases a day. This great increase in the number of patients is largely due to the personal interest taken in the management of the dispensary by the individual members of the Board of Trustees and to the careful selection of kind and intelligent physicians who work faithfully in the interest of their patients and the institution.

The Association for Improving the Condition of the Poor, by furnishing food and fuel; the Diet Kitchen, situated in our building, by giving milk and special diet to the sick; the Flower Mission, by donations of flowers and fruit; the St. John's Guild and Children's Aid Society, by gifts of excursion and Seaside Nursery tickets, have not only been the means of bringing some joy and comfort to the sick, but directly assisted our physicians in the treatment

1483  
V. 100  
of their patients, and therefore merit our sincere and heartfelt thanks.

To the Society of Ethical Culture we feel especially indebted, for not only have they furnished us with a kind and faithful nurse who is of the greatest assistance to our District Physicians, but individual members of the society have visited our sick, supplying them with clothing and food, and frequently with money to pay for rent and fuel.

The reports of the Treasurer and Physician-in-Chief show that the financial and general condition of the dispensary is most satisfactory.

During the past year we have been singularly afflicted by the death of our President, Mr. ROBERT E. LIVINGSTON, and Vice-President JOHN J. TOWNSEND, Esquire. The records of the dispensary show how thoroughly they labored for the welfare of the unfortunate objects of our care, and we feel that the institution has lost two of its warmest supporters.

With a feeling of pride for the work done in the past, and with renewed energy for the future, we ask for the continuance of the support of our patrons to aid us in maintaining and enlarging the work of this time honored institution now entering upon the second century of its beneficent labors.

FREDERIC J. DE PEYSTER,

*President.*

DAVID MAGIE, M. D.,

*Secretary.*

# OBITUARY.

## **ROBERT E. LIVINGSTON.**

By the death of ROBERT EDWARD LIVINGSTON on Sunday evening the 20th day of January 1889, the sick poor of the City of New York have lost a devoted friend.

He became a life member of the New York Dispensary in the year 1870. In the year 1874 he was elected a Trustee.

In the year 1885 he was made President of the Board of Trustees. He continued to fill that office until his death.

The records of the Society show how thoroughly he labored for the welfare of the unfortunate objects of our care. How simple and unobtrusive was the zeal which prompted his activity can only be manifested by those who were privileged to be associated with him.

His death was sudden. While we were re-electing him he had already been translated and received his crown of glory.

We the Board of Trustees direct this entry to be made upon our minutes as a permanent memorial of the virtues and kindliness of our deceased President and friend and of our appreciation of his conscientious and unfailing efficiency in the discharge of his duties.

FREDERIC J. DE PEYSTER,

*President.*

DAVID MAGIE,

*Secretary.*

NEW YORK DISPENSARY,

January 28th, 1889.

## OBITUARY.

---

### JOHN J. TOWNSEND.

---

The Board of Trustees of the New York Dispensary desire to place on record this tribute of respect to the memory of their late Vice-President, JOHN J. TOWNSEND, who died December 6th, 1889.

Mr. TOWNSEND was elected a member of the Board of Trustees in the year 1870, and was made Vice-President in the year 1886.

Wise in counsel, devoted to his trust, and full of intelligent sympathy for its suffering beneficiaries, his marked personality was deeply impressed upon his fellow-trustees; winning their appreciation as associates, and inspiring their respect and esteem as friends.

We the Board of Trustees direct this entry to be made upon our minutes as a permanent memorial of the virtues and kindliness of our deceased Vice-President and friend and of our appreciation of his conscientious and unfailing efficiency in the discharge of his duties.

FREDERIC J. DE PEYSTER,

*President.*

DAVID MAGIE, M. D.,

*Secretary.*

NEW YORK DISPENSARY,

December 18th, 1889.

Dr.

## The New York Dispensary in account with Alfred Roosevelt, Treasurer.

## REPORT OF THE PHYSICIAN-IN-CHIEF

for the year ending December 31st, 1889.

*To the Honorable President and Board of Trustees  
of the New York Dispensary.*

GENTLEMEN:

I have the honor to present you with my Annual Report for the year ending January 1, 1890.

The number of new cases treated during the year was 44,331, the largest number ever treated before in the dispensary. The total number of visits made by these patients to the dispensary was 111,105.

The patients were classified, according to their diseases, as follows:

NAME OF CLASS.	New Cases.	Total Number.
Surgery, Skin and Venereal, P. M.	6409	24586
“ “ “ A. M.	2607	6169
General Medicine, P. M.	6386	14519
“ “ A. M.	3706	8099
Unclassified (Italian) A. M.	3624	7103
“ “ P. M.	6485	13554
Eye, Ear and Throat	3271	12476
Women and Children	5184	9745
Dentistry	3437	3437
Vaccinations	135	.....
District, Cases visited	3087	5674
“ Consultations	.....	5743
Total	44,331	111,105

These statistics, compared with those of last year show a decided gain:

Number of new cases treated in 1889	44,331
“ “ “ 1888	38,699
Gain for 1889	5632
Total number of cases treated in 1889	111,105
“ “ “ 1888	102,818
Gain for 1889	8287

During the year Drs. BICKERTON, RUSSELL, LINES, GUITERAS and FOURNIER have resigned and Drs LUDLOW, HANCE, BYRON, BLAKESLEE, BOWNE and VAUGHAN appointed as assistant physicians.

1246 patients have been sent during the year from the Dispensary to the following Hospitals :

Charities and Correction . . . . .	1003
Ruptured and Crippled . . . . .	53
St. Lukes . . . . .	110
Emigration . . . . .	31
Mt. Sinai . . . . .	9
Roosevelt . . . . .	2
Willard Parker . . . . .	1
New York . . . . .	23
Chambers St. . . . .	4
Lying-in Asylum . . . . .	4
German Hospital . . . . .	3
St. Francis . . . . .	1
Nursery and Childs . . . . .	1
Sloane Maternity . . . . .	1
Total . . . . .	<hr/> 1246

Thanks are due to the attending physicians for regularity and punctuality in attendance, and for kind and considerate treatment of their patients: to the apothecary and his assistant for carefulness in compounding and dispensing thousands of prescriptions: and to the janitor for his assistance in preparing the tables of statistics, for keeping order among the patients, and for the neat appearance of the Dispensary.

Thanking you for the assistance and courtesy which your honorable board has always given me, this report is

Very respectfully submitted,

CONDUCT W. CUTLER,

*Physician-in-Chief.*

## IN ASSEMBLY.

FEBRUARY 9, 1891.

---

### ONE HUNDRED AND FIRST ANNUAL REPORT

OF THE

### BOARD OF TRUSTEES OF THE NEW YORK DISPENSARY, FOR THE YEAR 1890.

---

"I was sick, and ye visited me."

The second century in the history of the New York Dispensary opens under very favorably circumstances. This institution in the 101 years of its existence has treated an aggregate of 2,188,649 patients, a considerably larger number than any like institution in the United States.

During the past year 45,650 new patients have applied for treatment, making a total number of 119,278 visits to the dispensary.

This is the largest number of patients ever treated in one year.

Our corps of physicians in daily attendance at the dispensary from 9 o'clock in the morning until 4 o'clock in the afternoon have treated kindly and intelligently this large body of people representing every nation on the earth.

Patients too ill to call at the dispensary have been seen at their homes by a corps of physicians and nurses appointed especially to visit the sick and care for their wants.

The increase in the number of patients treated shows not only that the work done by the dispensary staff has been successful, but that it is appreciated by the sick poor who have only their thanks to offer for the benefit received.

The board of trustees have met with a great loss in the death of Mr. James Wm. McLean which occurred May 6, 1890. Mr. McLean was a warm friend of the sick poor and endeavored in every way to afford them relief. His wise counsel was never neglected by his fellow trustees.

We have been greatly aided in our good work by the Society of Ethical Culture, who have not only furnished us a nurse for district work but with gifts of money, clothing and fuel for our most needy patients. Thanks are especially due to Miss H. F. Hart, Miss Josephine Lazarus, Mrs. H. S. Levy and Mrs. E. Rothschild, members of this society, for personally visiting our sick and cheering them with kindly words and gifts.

The Flower Mission have, during the summer months, kept us supplied with flowers and fruit for distribution among the sick; and could these kind patrons see the delight with which their donations are received by our patients, they would feel doubly repaid for their appropriate contributions.

The St. John's Guild have again furnished our sick children with excursion tickets for daily trips on the Floating Hospital, and Seaside Nursery tickets for two weeks' stay at their institution on Staten Island. Many of our little patients owe their lives to this noble charity.

To the Tribune fresh air fund our thanks are due for sending into the country forty of our young patients who needed the tonic air of the woods and green fields to make them well and strong again.

The diet kitchen situated in our building, by furnishing nourishing food to all our patients requiring it, merits our warmest praise.

To all other institutions and individuals who have either directly or indirectly aided us in carrying on this good work, we feel deeply indebted, and will endeavor in the future as in the past to merit the assistance of all who are charitably inclined.

And to such persons we say with confidence that no organization in the city does, in proportion to its means, nobler work in relieving human misery than this time-honored institution.

FREDERIC J. DE PEYSTER,  
*President.*

DAVID MAGIE,  
*Secretary.*

# Report of the Physician-in-Chief.

*To the Honorable President and Board of Trustees of the New York Dispensary :*

GENTLEMEN.—I have the honor to present you this my annual report for the year ending December 31, 1890, and with it the detailed annual reports of the district physician and apothecary.

The work of the year has been divided among the dispensary classes, as follows :

NAME OF CLASS.	New cases.	Number visits.
Surgery, skin and venereal, A. M. ....	4,201	10,724
Surgery, skin and venereal, P. M. ....	5,552	19,765
General medicine, A. M. ....	3,925	9,050
General medicine, P. M. ....	5,874	14,443
Italian (unclassified), A. M. ....	5,040	11,065
Italian (unclassified) P. M. ....	6,622	14,220
Women and children ....	4,340	9,064
Eye, ear and throat ....	3,308	13,254
Dental surgery ....	3,535	3,535
Vaccinations ....	169	.....
District, cases visited at home. ....	3,114	5,675
District, cases seen at dispensary. ....	.....	5,967
District, cases visited by nurses ....	.....	2,516
Total ....	45,650	119,278
Total for the year 1889 ....	44,331	111,105
Increase for the year 1890 ....	1,319	8,173

The large increase in the number of patients during the past year is due to the careful attention which the attending physicians give to all the sick who come to them for treatment and to their regular attendance at the dispensary.

One vacancy has occurred on the medical staff owing to the resignation of Dr. Robert Bowne, which has been filled very creditably by the appointment of Dr. W. C. Gilley.

The vacancy caused by the resignation of the apothecary, Mr. H. P. Campbell, has been filled by the appointment of Arthur R. Braunlich, who was formerly assistant apothecary. The position of assistant is now filled by the appointment of Mr. E. S. Willis.

There has long been felt the need of a trained nurse to assist the physicians in charge of the women and children, and female surgery and venereal classes. The appointment of Miss Cordelia A. Campbell to fill this position has proven very satisfactory.

One thousand three hundred and forty-five patients have been sent from the dispensary to the following hospitals :

Charities and Correction .....	1,025
Emigration .....	28
Ruptured and Crippled .....	59
New York .....	15
St. Luke's .....	156
Mt. Sinai .....	15
Willard Parker .....	14
Lying-in .....	13
Skin and Cancer .....	1
Sloane Maternity .....	2
Roosevelt .....	2
St. Francis .....	6
New York Cancer .....	3
German .....	3
Nursery and Childs .....	2
St. Joseph's .....	1
<b>Total .....</b>	<b>1,345</b>

Thanks are due to the physicians for their regularity in attendance and for the careful attention to the patients under their care ; to the apothecaries, for the care exercised in making and dispensing the medicines prescribed, and to the janitor, for the care of the building and for valuable assistance in compiling the tables of statistics.

Thanking your honorable board for the support and kindly consideration you have always given me, this report is

Very respectfully submitted.

CONDICT W. CUTLER, M. D.,

*Physician-in-Chief.*

January 10, 1891.

# THE NEW YORK DISPENSARY.

[COR. CENTER AND WHITE STS., NEW YORK.]

---

The district of the New York Dispensary embraces all of that section of the city below a line starting from the North river and running through Spring street to Broadway, up Broadway to Fourteenth street, through Fourteenth street to First avenue, and down First avenue, Allen and Pike streets, to the East river.

The New York Dispensary assists the taxpayers in diminishing pauperism and consequent crime.

The New York Dispensary assists the board of health; the district physicians notifying the same of all nuisances, contagious diseases, and all that endangers the public safety.

The New York Dispensary assists in restoring the sick to health, and the poor to be self-supporting.

Should you not contribute to support a charity which, in the last 100 years, has gratuitously treated over 2,000,000 of patients?

---

## FORM OF BEQUEST.

I give and bequeath to the New York Dispensary, in the city of New York, the sum of .....dollars.

[Assembly, No. 48.]

# THE NEW YORK DISPENSARY.

---

The New York Dispensary is the oldest dispensary in the city, having been founded in 1790. It has the largest district and treats the largest number of patients yearly. It furnishes at the dispensary surgical and medical aid to the deserving sick poor, no matter where they may live, and has an outdoor service for such as live in its district.

The dispensary is entitled to the aid of the charitable, as it is largely dependent upon *voluntary donations*.

A donation of five dollars entitles the giver to an annual membership.

A donation of fifty dollars entitles the giver to a life membership.

All contributions will be thankfully acknowledged by

ALFRED ROOSEVELT,

*Treasurer.*

NO. 33 WALL STREET, OR AT THE DISPENSARY.

STATE OF NEW YORK.

---

No. 54.

---

IN ASSEMBLY,

FEBRUARY 10, 1892.

---

ONE HUNDRED AND SECOND ANNUAL REPORT

OF THE

BOARD OF TRUSTEES OF THE NEW YORK DISPENSARY, FOR THE YEAR 1891.

---

"I was sick, and ye visited me."

Each year finds the New York Dispensary increasing its charitable work and enlarging its field of usefulness.

During the past year 50,982 new cases have applied to our institution for treatment, making a total number of 135,216 visits to the dispensary.

This is the largest number ever before treated in one year, being 15,938 in excess of the total number of patients treated the year previous.

In the 102 years since the dispensary was founded it has treated in the aggregate of 2,323,865 patients, a number greater than the entire population of this Imperial city.

The board of trustees have met with a great loss in the death of their colleague and treasurer, Mr. Alfred Roosevelt.

By his sudden death, on July 2, 1891, the trustees feel that they have not only lost a most worthy associate whose wise counsels were always acceptable, but also an officer whose arduous duties were ever most cheerfully and faithfully performed in the interests of our noble charity.

While mourning for the dead, we are pleased that the mantle of our late colleague has fallen upon the shoulders of his brother, Mr. W. Emlen Roosevelt, who was elected a trustee in July, 1891, and treasurer of the board in November of the same year.

The experiment of providing sterilized milk during the summer months for our younger patients was eminently successful, greatly lessening the mortality from diarrhoeal diseases in young children and infants.

In May, 1878, the board of trustees adopted a plan whereby each patient was called upon to pay ten cents for medicine. This was done in order to prevent a great number of fraudulent applications, to increase self-respect among the deserving poor and to meet, somewhat, the very heavy expenses of the dispensary.

This plan has been in operation ever since.

It is now considered advisable by the board to make a uniform charge of ten cents to all patients entering the dispensary instead of charging them as heretofore for drugs, dressings, bottles, etc.

This new plan increases the charitable work of the dispensary and places all patients on an equality, but lessens, somewhat, the income of the institution as all worthy patients' unable to pay will receive absolutely free treatment.

Substantial aid has been given us in carrying on our good work by the services of a nurse sent us a part of the year by the Society of Ethical Culture. Thanks are also due this society for presents of clothing, toys and money for distribution to our patients; and to the Flower Mission for gifts of flowers and fruit during the summer months.

The St. John Guild and the Tribune Fresh Air Fund have given health and strength to many of our young patients by their most worthy and charitable deeds.

Many of our patients have obtained the much needed diet which they often require more than medicine, from the diet kitchen situated in our building.

Our cordial thanks are due the physicians connected with the dispensary for the faithful performance of their duties and for the kindly consideration which they have shown the patients under their care.

With a feeling of pride for the work done in the past, and with renewed energy for the future, we ask for the continuance of the support of our patrons to aid us in maintaining and enlarging the work of this time honored institution.

FREDERIC J. DE PEYSTER,  
*President.*

DAVID MAGIE, M. D.

*Secretary.*

NEW YORK DISPENSARY, *January 1, 1892.*

## Original Trustees, January, 1791.

---

Isaac Roosevelt, served till.....	1795
Matthew Clarkson, served till .....	1821
John Sloss Hobart, served till.....	1795
Isaac Stoutenburgh, served till.....	1792
John Watts, served till.....	1836
Melancthon Smith, served till.....	1793
Rev. John Rodgers, D. D., served till .....	1810
Moses Rogers, served till.....	1813
Rev. John H. Livingston, served till.....	1797
James Watson, served till .....	1792
Rev. Abm. Beach, served till .....	1809-10*
John Broome, served till.....	1800-04*

---

\* The records of the years 1800, 1801, 1802, 1803 and 1809 are missing.

## Officers from its Organization.

---

### PRESIDENTS.

Isaac Roosevelt.....	1791
Rev. John Rodgers, D. D.....	1794
Gen'l Matthew Clarkson.....	1810
John Watts.....	1821
Gen'l Edward Laight.....	1836
George T. Trimble.....	1852
James F. de Peyster.....	1861
Adam Norrie.....	1874
Wm. M. Halsted.....	1882
Robert E. Livingston.....	1885
Frederic J. de Peyster.....	1889

### VICE-PRESIDENTS.

Adam Norrie.....	1870
James W. Beekman.....	1875
Benjamin H. Field.....	1878
John G. Adams.....	1883
Robert G. Remsen.....	1885
John J. Townsend.....	1886
Robert G. Remsen.....	1890

### SECRETARIES.

James F. de Peyster.....	1824
Robert B. Campbell.....	1861
William Hull Wickham.....	1884
J. Lawrence Lee, M. D.....	1886
David Magie, M. D.....	1889

### TREASURERS.

Moses Rogers.....	1791
James Scott.....	1809
Andrew Morris.....	1811

Francis B. Winthrop.....	1815
Lindley Murray .....	1823
George T. Trimble.....	1846

# THE NEW YORK DISPENSARY.

Corner Centre and White Streets, New York.

---

The district of the New York Dispensary embraces all of that section of the city below a line starting from the North river and running through Spring street to Broadway, up Broadway to Fourteenth street, through Fourteenth street to First Avenue, and down First Avenue, Allen and Pike streets to the East river.

The New York Dispensary assists the taxpayers in diminishing pauperism and consequent crime.

The New York Dispensary assists the board of health; the district physicians notifying the same of all nuisances, contagious diseases, and all that endangers the public safety.

The New York Dispensary assists in restoring the sick to health, and the poor to be self-supporting.

Should you not contribute to support a charity, which in the last one hundred years, has gratuitously treated over two millions of patients?

---

## FORM OF BEQUEST.

*I give and bequeath to the New York Dispensary, in the city of  
New York, the sum of                      Dollars.*

## THE NEW YORK DISPENSARY.

---

The New York Dispensary is the oldest dispensary in the city, having been founded in 1790. It has the largest district, and treats the largest number of patients yearly. It furnishes at the dispensary surgical and medical aid to the deserving sick poor, no matter where they may live, and has an out-door service for such as live in its district.

The dispensary is entitled to the aid of the charitable as it is largely dependent upon *voluntary donations*.

A donation of five dollars entitles the giver to an annual membership.

A donation of fifty dollars entitles the giver to a life membership.

All contributions will be thankfully acknowledged by

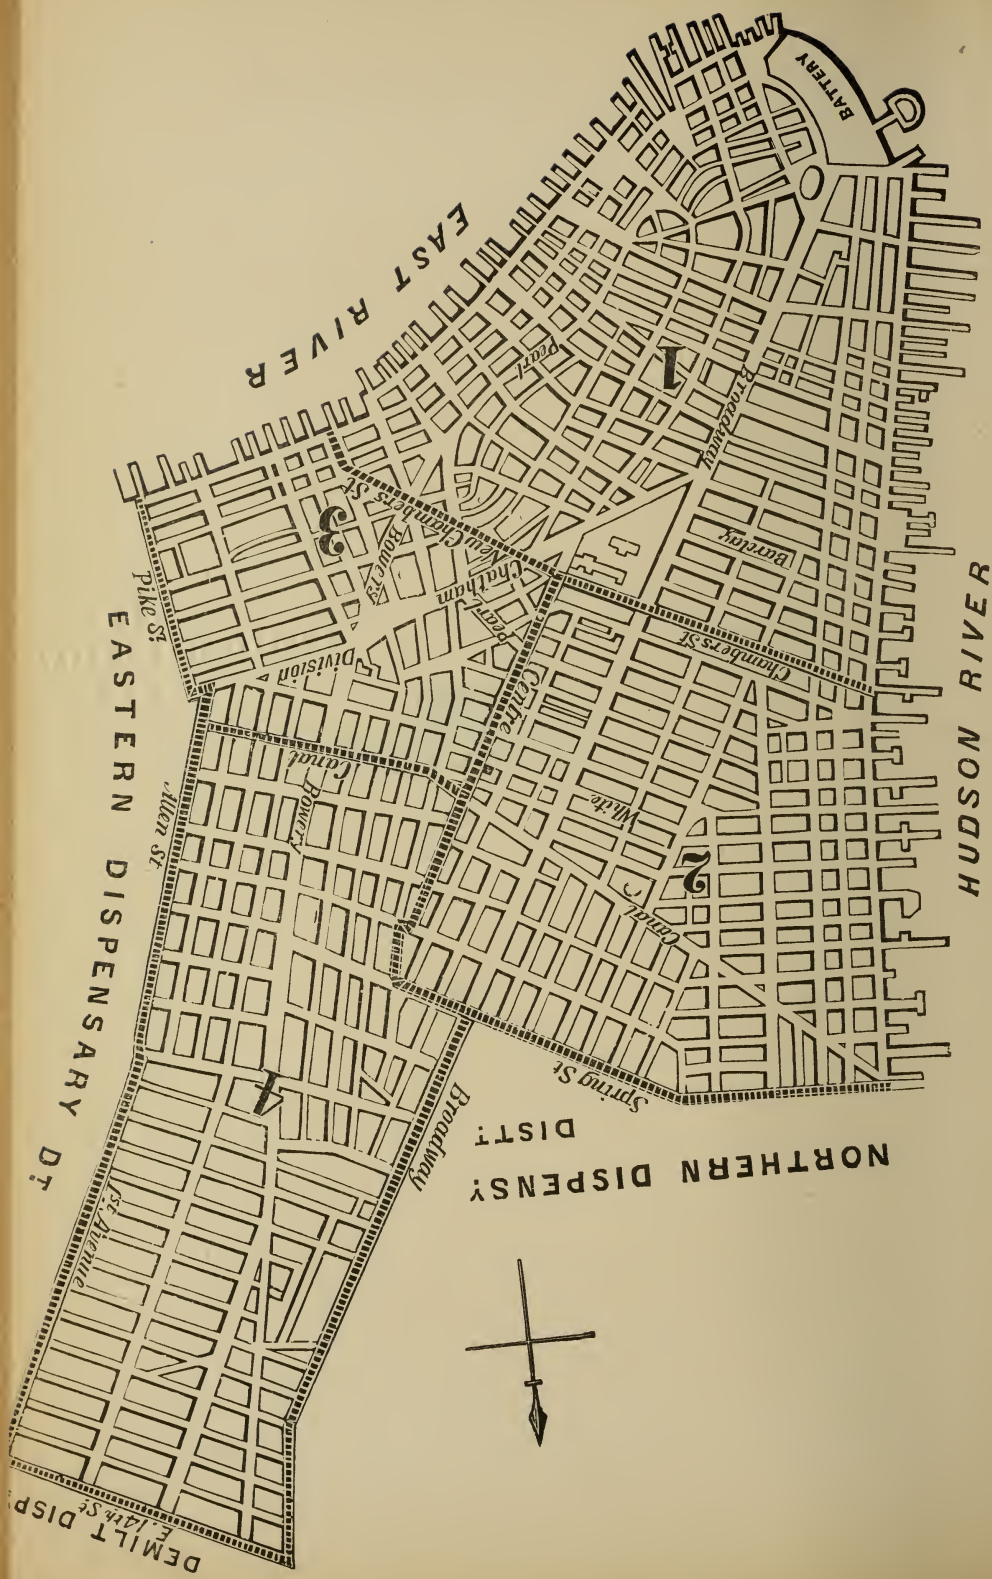

W. EMLEN ROOSEVELT, *Treasurer*.

33 WALL STREET, or at the dispensary.

## IN SENATE,

FEBRUARY 7, 1898.

---

### ONE HUNDRED AND THIRD ANNUAL REPORT

OF THE

### BOARD OF TRUSTEES OF THE NEW YORK DISPENSARY, FOR THE YEAR 1892.

---

“I was sick and ye visited me.”

One year ago the board of trustees considered it advisable to adopt a plan whereby the system then in use of charging for medicines would be done away with by requiring all patients to pay at a uniform rate of ten cents each time they visited the dispensary.

This plan was not intended to keep the destitute poor from seeking relief at the dispensary, for every applicant unable to pay was to be admitted free, the circumstances of the patient investigated and if worthy given free medicine and treatment.

Its object was rather to place all patients upon an equality by charging them a uniform rate, and to lessen somewhat the great number of malingerers and patients who frequently visited the dispensary and wasted the time of the attending physicians without obtaining or taking the medicines prescribed.

The adoption of this plan, while lessening the number of patients treated, has greatly increased the charitable work of our institution.

During the past year 46,482 new patients have applied to the dispensary for treatment, making a total number of 123,025 visits.

Of these nearly ten per cent were admitted free, and although the total number of patients treated during the year was 12,189 less than the year before, the number of prescriptions filled by the druggist for these patients was 14,861 greater.

This large increase in our charity, and the actual good thereby accomplished, encourages us to continue with the present system although the expense to the dispensary is considerably greater.

During the year the trustees have been called upon to accept with sincere regret the resignation of one of, who has for the past three years been an active and valuable member of the board — Mr. John W. Auchincloss.

The Centennial Branch of the New York Diet Kitchen Association, for so many years occupying a portion of our building, has by supplying diet to the sick poor of the district merited our hearty support.

As a substantial acknowledgment of our appreciation of their good work, the board of trustees in addition to furnishing the association with rooms, resolved on March seventeenth, to share with them the expense of providing the diet prescribed by the attending physicians at the dispensary.

Sterilized milk was again provided by the dispensary during the summer months for those requiring this special form of diet, and although the expense and labor of properly preparing this food is considerable, the good results obtained warrant a liberal appropriation to continue the work.

Our cordial thanks are due the members of the Society of Ethical Culture for presents of clothing, toys and money furnished our nurses for distribution to their patients; also to the ladies of the New York Flower Mission for gifts of flowers and fruit during the summer months.

To the St. John's Guild and Tribune fresh air fund we feel especially indebted for the excursions and country homes which they have provided for many of our little patients during the hot summer days.

In the name of our time-honored institution, now beginning its 104th year of beneficent work; having during that period

treated an aggregate of 2,370,347 patients, we again ask its friends and patrons to aid us in supporting a charity which not only assists in restoring the sick poor of our district to health but in maintaining the health of the entire community.

FREDERIC J. De PEYSTER,

*President.*

DAVID MAGIE, M. D.,

*Secretary.*

Dated New York Dispensary, January 1, 1893.

# Report of the Physician-in-Chief.

---

*To the Honorable President and Members of the Board of Trustees of the New York Dispensary :*

Gentlemen.— I have the honor to present this my annual report for the year ending December 31, 1892, and with it the annual reports of the district physician, dentist and apothecary.

The number of patients treated at the dispensary during the year has fallen considerably below the total number treated the year before.

In 1891, the total number of new patients treated at the dispensary was 50,986. This year the number was 46,482, a decrease of 4,504.

In 1891 the total number of visits made by patients to the dispensary was 135,216. This year the total number of visits was 123,025, a decrease of 12,189.

This decrease in new patients and the number of times which they visited the dispensary is accounted for by the adoption January 1, 1892, of the present system of charging ten cents admission (see Annual Report of the Board of Trustees) and to the exceptional good health of the city during the past year as shown by the reports of the health department.

The amount of work accomplished by the district department compares very favorably with the report of last year.

In the number of new patients there was a decrease of seventy-five while the total number of visits and consultations was increased by 393.

The following table will show how the work for the year was divided among the several classes:

## IN-DOOR DEPARTMENT, 1892.

CLASSES.	JANUARY.		FEBRUARY.		MARCH.		APRIL.	
	New patients.	Total number treated.	New patients.	Total number treated.	New patients.	Total number treated.	New patients.	Total number treated.

The formation of a class of gynecology separate from the class of children's diseases has proven a decided success under the management of Dr. Albert C. Stanard.

There has been no removal or resignation of any member of the staff of attending physicians and Dr. Stanard has been the only physician appointed during the year.

One of the nurses, Miss Cordelia A. Campbell, has resigned to devote her whole time to the study of medicine, and Miss Mary Dea was appointed to fill her place.

During the year the dispensary has been thoroughly renovated and painted throughout, and is now in as nearly a perfect condition as is possible to make it.

To the physicians associated with me in this dispensary work great credit is due for the faithful performance of their arduous duties and for the kindly consideration which they have shown the patients under their care.

Much credit is also due the apothecaries for the care which they have exercised in their work which has increased very much during the past year notwithstanding the fewer number of patients treated in the dispensary.

During the year the druggists have compounded and dispensed no less than 115,162 prescriptions, this being an excess of 14,861 over last year.

Thanks are due the janitor for the good care which he has taken of the dispensary and for his assistance in compiling the tables of statistics.

Appreciating very highly the kindly assistance and advice which has always been cordially given me by the members of the board of trustees, this report is very respectfully submitted by

CONDICT W. CUTLER,

*Physician-in-Chief.*

# THE NEW YORK DISPENSARY.

[COR. CENTER AND WHITE STREET, NEW YORK.]

---

The district of the New York Dispensary embraces all of that section of the city below a line starting from the North river and running through Spring street to Broadway, up Broadway to Fourteenth street, through Fourteenth street to First avenue, and down First avenue, Allen and Pike streets, to the East river.

The New York Dispensary assists the taxpayers in diminishing pauperism and consequent crime.

The New York Dispensary assists the board of health; the district physicians notifying the same of all nuisances, contagious diseases, and all that endangers the public safety.

The New York Dispensary assists in restoring the sick to health, and the poor to be self-supporting.

Should you not contribute to support a charity, which in the last 100 years, has gratuitously treated over 2,000,000 patients?

---

## FORM OF BEQUEST.

I give and bequeath to the New York Dispensary, in the city of New York, the sum of ..... dollars.

LIBRARY  
OF THE  
UNIVERSITY OF ILLINOIS

## VISITING COMMITTEES.

1894.

### *For January:*

ROBERT G. REMSEN,  
F. F. THOMPSON.  
B. F. CURTIS, M. D.

### *For July:*

B. F. CURTIS, M. D.  
WILLIAM HULL WICKHAM,  
BENJAMIN HAXTUN.

### *For February:*

WALTER SATTERLEE,  
GEORGE L. PEABODY, M. D.,  
HENRY DUDLEY.

### *For August:*

GEORGE G. WHEELOCK, M. D.,  
HENRY RUTGERS BEEKMAN,  
HENRY LEWIS MORRIS.

### *For March:*

WILLIAM H. WICKHAM,  
BENJAMIN HAXTUN,  
W. E. ROOSEVELT.

### *For September:*

FREDERIC DE PEYSTER FOSTER.  
JAMES W. BEEKMAN,  
CHARLES E. HACKLEY, M. D.

### *For April:*

GEORGE G. WHEELOCK, M. D.,  
HENRY RUTGERS BEEKMAN,  
JOHN A. MCKIM.

### *For October:*

DAVID W. BISHOP,  
JOHN A. MCKIM.  
DAVID MAGIE, M. D.

### *For May:*

JAMES W. BEEKMAN,  
ROBERT R. LIVINGSTON,  
F. DE PEYSTER FOSTER.

### *For November:*

GEORGE L. PEABODY, M. D.,  
WALTER SATTERLEE.  
F. F. THOMPSON.

### *For June:*

CHARLES E. HACKLEY, M. D.,  
W. E. ROOSEVELT.  
E. DE PEYSTER LIVINGSTON

### *For December:*

ROBERT R. LIVINGSTON,  
DAVID MAGIE, M. D.  
H. DUDLEY.

## MEDICAL DEPARTMENT.

### *Consulting Physicians and Surgeons:*

SAM'L T. HUBBARD, M. D.,

THOMAS M. MARKOE, M. D.

### *Physician-in-Chief:*

CONDUCT W. CUTLER, M. D.

### *Senior Assistant Physician:*

FRANCIS VALK, M. D.

### *Assistant Physicians:*

J. D. HUDDLESTON, M. D.,

W. C. GILLEY, M. D.,

J. M. BYRON, M. D.,

BERNARD E. VAUGHAN, M. D.,

AUSTIN W. HOLLIS, M. D.,

FRANCIS GINNASI, M. D.

ALBERT C. STANARD, M. D.

L. E. WARNER, M. D.

### *District Department:*

One-Hundred and Fourth Annual Report  
OF THE  
Board of Trustees of the New York Dispensary.

“I was sick and ye visited me.”

During the past year 49,730 patients have applied for treatment at the New York Dispensary making in all a total number of 125,640 visits.

This is an increase over last year of 2,615 visits and 3,248 new patients.

About ten per cent. of all these patients were treated free, the remainder paying an admission fee of ten cents, which entitled them to receive without extra charge, medicines, appliances and dressings—in fact all medical and surgical treatment which each case required.

The district work has been especially large, the number of visits made this year being greater than ever before recorded in this department.

6,872 visits were made by the district physicians to patients at their homes.

Of this number 890 were made by the district physician for Italian patients.

130,386 prescriptions have been filled and dispensed by the apothecaries in the drug department, this being an increase of 15,224 over last year.

This increase in all the branches of our dispensary system demanded a larger medical staff, so that we now have 14 paid physicians who devote from two to four hours a day in attendance upon the patients.

To these physicians great credit is due for the faithful performance of their duties and for the kindly consideration which they have shown the patients under their care.

36,081 prescriptions for special diet have been ordered by our physicians for their patients and, dispensed by the Centennial Branch of the New York Diet Kitchen situated in our building.

We again take pleasure in acknowledging our indebtedness to the Society of Ethical Culture and to the New York Flower Mission for donations; also to the St. John's Guild and Tribune Fresh Air Fund for excursions and summer homes provided for our sick children.

The New York Dispensary has treated in the 104 years of its existence an aggregate of 2,420,077 patients.

In the name of this great army of sufferers who have sought and found relief at our doors, we again ask for continued support from the old friends of this institution to aid us in carrying on our beneficent work with the energy which the wide-spread suffering of this terrible winter demands.

FREDERIC J. DE PEYSTER,

*President.*

DAVID MAGIE, M. D.,

*Secretary.*

# ANNUAL REPORT OF THE PHYSICIAN-IN-CHIEF

for the year 1893.

---

*To the Honorable Members of the  
Board of Trustees of the New York Dispensary,*

GENTLEMEN:—

I have the honor to present this my Annual Report for the year ending December 31, 1893 and with it the Annual Reports of the District Physician, Dentist and Apothecary.

The number of patients treated at the dispensary during the year has increased considerably above the total number treated the year before.

In 1892 the total number of new patients treated at the dispensary was 46,482. This year the number was 49,730, an increase of 3,248.

In 1892 the total number of visits made by patients to the dispensary was 123,025. This year the total number of visits was 125,640, an increase of 2,615.

The amount of work accomplished by the District Department compares very favorably with the report of last year.

In the number of new patients there was an increase of 234, while the total number of visits and consultations was increased by 142.

During the year the druggists have compounded and dispensed no less than 130,386 prescriptions this being an excess of 15,224 over last year.

The following table will show how the work for the year was divided among the several classes:

# IN-DOOR DEPARTMENT.

The division of the class of surgery, skin and venereal diseases into separate classes—viz, one for surgery, one for diseases of the skin and one for genito-urinary diseases has been of benefit to both the patients and the physicians in charge.

Two of the attending staff of physicians have resigned during the year—Drs. Ludlow and Caswell, and three have been appointed—Drs. Warner, Hollis and Huddleston.

Dr. Quesada, the substitute physician, now reports every morning at the dispensary ready to fill the vacancy caused by the absence of any member of the staff.

When two or more physicians have been absent at the same time Dr. Heacock has very satisfactorily acted as second substitute.

Thanks are due to the physicians, apothecaries and others connected with me in this dispensary work for the faithful performance of their duties and for the assistance which they have given me in making this report.

Very respectfully submitted,

CONDICT W. CUTLER,

JANUARY 3, 1894.

*Physician-in-Chief.*

One-Hundred and Fifth Annual Report  
OF THE  
Board of Trustees of the New York Dispensary.

“I was sick and ye visited me.”

As experience proved that the work of the Dispensary District was more than could be looked after properly by two physicians it was subdivided experimentally into a Northern and Southern Sub-District by Franklin and Bayard Streets.

Each subdivision was placed in charge of an assistant district physician, — it being the duty of the district physician to personally visit all new patients in the whole district before transferring them to his assistants.

This plan has been in operation since the first of June and has worked to the advantage of the patients and to the satisfaction of the Trustees.

The work of the in-door department has increased over last year, there being a greater number of new patients and a large increase in the number of visits made to the dispensary.

There has been a corresponding increase in the number of prescriptions compounded by the druggists.

A new isolating room has been built for patients who come to the dispensary suffering from contagious diseases. It is so completely separated from the other portions of the dispensary that all danger of communication of disease is avoided.

An asphalt covering has been placed over the entire dispensary floor making a hard flooring which is easily kept clean.

The new benches which have been provided for the patients add greatly to the general appearance of the dispensary.

Through the influence and generosity of Mr. Joseph Pulitzer we were able to use Behring Antitoxin in all cases of diphtheria occurring among our patients before the remedy was obtainable by other institutions in this country.

The New York Diet Kitchen has furnished our patients with diet when prescribed by the attending physicians.

The New York Flower Mission has during the Summer months supplied us with flowers for distribution to our patients and the Society of Ethical Culture has gladdened the homes of many of these patients with gifts of clothing, fruit and toys.

The Tribune Fresh Air Fund and the St. John's Guild have provided Summer homes and excursions to many of the sick children under our care.

The 133,388 patients treated by the physicians of the New York Dispensary during the year 1894 make an aggregate of 2,470,330 poor, sick unfortunates who have sought and obtained help at this institution since its foundation more than one hundred and five years ago.

We ask the friends who have so nobly stood by us in the past to continue their aid to us in carrying on the beneficent work of this time honored institution.

FREDERIC J. DE PEYSTER,  
*President.*

DAVID MAGIE,  
*Secretary.*

## ANNUAL REPORT OF THE PHYSICIAN-IN-CHIEF

for the year 1894.

*To the Honorable President and Members of the  
Board of Trustees of the New York Dispensary.*

GENTLEMEN:—

I have the honor to present my Annual Report for the year ending December 31, 1894, and with it the detailed reports of the District Physician, Dentist and Apothecary.

Last year the total number of new patients treated at the dispensary was 49,730. This year the number was 50,253, an increase of 523.

Last year the total number of visits made by patients to the dispensary was 125,640. This year the total number of visits was 133,388, an increase of 7,748.

7,136 visits were made by the district physicians, an increase of 264 over last year.

3,743 of these visits were made to new patients.

During the year the druggists have dispensed 193,859 prescriptions, this being an excess of 24,702 over 1893.

The work for the year was divided among the dispensary classes as shown in the following table:

Dr. Albert C. Stanard, one of the attending physicians died during the year, and Dr. J. C. Huddleston resigned.

These two vacancies were filled by the appointment of Drs. Geo. D. White and Walter A. Duncel.

The substitute physician Dr. G. J. de Quesada was appointed assistant district physician and Dr. Frank S. Fielder was appointed the staff substitute. The nurse Mrs. M. E. Dilts was transferred from district work to attending nurse to the classes for Surgery and Diseases of Women.

Thanks are due to the physicians, apothecaries and others connected with me at the dispensary for the faithful performance of their duties and for the assistance rendered in making this report.

Very respectfully submitted,

CONDUCT W. CUTLER,

JANUARY 1, 1895.

*Physician-in-Chief.*

The One-Hundred and Sixth Annual Report  
OF THE  
Board of Trustees of the New York Dispensary.

"I was sick and ye visited me."

It is now more than one hundred and five years since the Board of Trustees of the New York Dispensary made its first annual report.

In that report published December 24th, 1791, the President stated that 310 patients had been treated at the dispensary since the establishment of the institution on February 1st, 1791. He then continued—"From the foregoing return the public will be enabled to form a judgment of the future utility that the poor of this city may hope to derive from this infant institution which has benevolence alone for its object."

The public may now judge how much benefit the sick poor have derived, by looking over this one hundred and sixth annual report which shows that during the year 1895, 52,109 patients were treated, making an aggregate of 2,505,708 poor, sick unfortunates who have sought and obtained help at this institution since its foundation.

There is no other charitable institution in the country which can compare with this record of beneficial work.

The number of patients treated the past year both at the dispensary and at their homes was greater than ever before. The Trustees take this opportunity to express their appreciation of the intelligent, faithful and kindly treatment which the attending physicians have given this great army of sufferers.

Our thanks are due to the New York Diet Kitchen for furnishing the dispensary patients with special diet when ordered by the attending physicians; to the New York Flower Mission for supplies of fruit and flowers and to the members of the Society of Ethical Culture for gifts of clothing and toys.

We take pleasure in again acknowledging our indebtedness to the St. John's Guild and the Tribune Fresh Air Fund for providing excursions and summer homes to many of the sick children under our care.

A great deal has been said and written during the past year on the abuse, by patients, of dispensary and hospital charities. Our dispensary district is situated in a portion of the city inhabited by the poorest of all nationalities and the patients who apply for treatment are almost without exception worthy of the charity which we extend to them. Indeed it is shown upon investigation that about ten per cent. of all patients coming to the dispensary and fifty per cent. of those visited at their homes are unable to pay even the ten cents charged for medicines.

This statement is due to those friends and patrons who have so nobly stood by us in the past and who are ever ready and willing to contribute to the support of so worthy an institution, which still "has benevolence alone for its object."

FREDERIC J. DE PEYSTER,  
*President.*

DAVID MAGIE, M. D.,  
*Secretary.*

Dated at the New York Dispensary, January 2, 1896.

## ANNUAL REPORT OF THE PHYSICIAN-IN-CHIEF

for the year 1895.

*To the Honorable President and Members of the  
Board of Trustees of the New York Dispensary.*

GENTLEMEN:—

I have the honor to present the Annual Report of the Physician-in-Chief for the year 1895 and with it the detailed reports of the District Physician, Apothecary and Dentist.

The total number of patients treated at the dispensary was 52,109, an increase of 1,856 over last year.

The total number of visits made to the dispensary by these patients was 135,361, an increase of 1,973 over last year.

The District Physicians visited 3,761 patients 8,769 times. This is an increase of 18 patients and 1,633 visits over last year.

The druggists have dispensed 145,757 prescriptions, this being a decrease of 3,790 under 1894.

The work for the year was divided among the dispensary classes as shown in the following table:

Drs. B. E. Vaughan and J. M. Byron, two faithful workers on the dispensary staff of Attending Physicians, died during the year and Dr. J. C. Mackenzie resigned. These vacancies were filled by the appointment of Drs. F. S. Fielder, M. J. Echeverria and R. K. Macalester.

Drs. F. Cabot, Jr. and E. Caravia were appointed substitute physicians.

The Attending Physicians and Apothecaries have performed their duties faithfully and I wish to express my appreciation for their services in caring for the largest number of patients ever before treated at this institution in one year.

Thanks are due to the janitor for the neat appearance of the dispensary, for the good order kept among the patients and for assistance in recording the statistics of the institution.

Thanking your honorable body for the kindly consideration and courtesy which you have always shown me, this report is

Very respectfully submitted,

CONDICT W. CUTLER,

January 2, 1896.

*Physician-in-Chief.*

The One-Hundred and Seventh Annual Report  
OF THE  
Board of Trustees of the New York Dispensary.

"I was sick and ye visited me."

Since the foundation of this institution in 1791, no less than 2,559,197 poor, sick unfortunates have now been treated.

During the past year 53,489 patients have applied for treatment, an increase of 1,380 over last year. Of this number 50,032 were treated at the dispensary and 3,457 at their homes.

The total number of visits made by these patients to the dispensary was 133,207.

Two members of the Board of Trustees, Dr. CHARLES E. HACKLEY and Mr. WALTER SATTERLEE resigned and their places filled by the election of Dr. BEVERLY ROBINSON and Mr. GOODHUE LIVINGSTON.

The Attending Physicians have been faithful in the performance of their duties and merit the approval of the Trustees for their good work.

Our thanks are again due to the New York Diet Kitchen, the New York Flower Mission and to the Society of Ethical Culture for their aid in providing food, flowers, clothing and toys for many of our patients.

The St. John's Guild and Tribune Fresh Air Fund have also greatly aided our work by providing summer homes and excursions for many of the sick children under our care.

To all friends of this institution we take pleasure in acknowledging our indebtedness in the past, and ask for the continuance of their support in the future to enable us to carry on our beneficent work.

FREDERIC J. DE PEYSTER,  
*President.*

DAVID MAGIE, M. D.,  
*Secretary.*

Dated at the New York Dispensary, January 2, 1897.

Dr. The New York Dispensary in account with W. Emlen Roosevelt, Treasurer. Cr.

JANUARY 1st, 1896, TO JANUARY 1st, 1897.

The One-Hundred and Eighth Annual Report  
OF THE  
Board of Trustees of the New York Dispensary.

"I was sick and ye visited me."

THE NEW YORK DISPENSARY enters its one hundred and ninth year of beneficent work with renewed energy for the relief of the deserving sick and poor.

During the past year 53,674 patients were treated at the Dispensary and 3303 at their homes.

This is an increase of 185 in-door patients and a decrease of 154 in the district department as compared with last years' work.

The total number of visits made to the Dispensary by these patients was 135,740, an increase of 2533 over last year.

It has always been the object of this institution to furnish medical and surgical aid to the deserving poor only. During the past year especially the trustees have discouraged the attendance of all unworthy patients and have thereby taken the initiative in instituting a dispensary reform so much needed in this city to correct the abuse of medical charity.

The trustees take this opportunity to thank the attending physicians for faithful and skillful performance of their duties.

Also to again acknowledge their indebtedness to the St. John's Guild, the New York Diet Kitchen, the Tribune Fresh Air Fund, the New York Flower Mission and the Society of Ethical Culture.

Our Dispensary, the oldest in the city with the largest district; which has treated since its foundation in 1790 not less than 2,612,871 patients and still cares for a greater number of deserving sick than any other similar institution, appeals once more to all its friends for such continuance of its support as may enable it to enlarge its sphere of beneficent work.

FREDERIC J. DE PEYSTER,  
DAVID MAGIE, M. D.,  
*Secretary.* *President.*

January 1898.

Dr.                      The New York Dispensary in account with W. Emlen Roosevelt, Treasurer.                      Cr.

JANUARY 1st, 1897, TO JANUARY 1st, 1898.

The One-Hundred and Ninth Annual Report  
OF THE  
Board of Trustees of the New York Dispensary.

"I was sick and ye visited me."

THE NEW YORK DISPENSARY has treated since its foundation in 1790 an aggregate of 2,666,218 patients.

During the past year 50,133 patients were treated at the Dispensary and 3214 at their homes.

This is a decrease of 238 indoor patients and 89 in the district department from last year.

The total number of visits made to the dispensary by these patients was 130,459, a decrease of 5281 from last year.

It was with deep regret that the Trustees were called upon to accept the resignation of one of their most active members—Mr. F. F. THOMPSON. Mr. Thompson's position was filled by the election of Mr. HORACE W. ROBBINS.

On the call for volunteers during the late war with Spain, the trustees granted leave of absence to Drs. Fielder, White and de Quesada, attending physicians to the dispensary, to enter the medical service of the United States Army and appointed substitutes to fill their positions.

Drs. Fielder and de Quesada returned after the war but Dr. White still remains in the service of his country.

Two members of the Medical Staff have resigned—Drs. Fielder and Macalester—and their positions filled by the appointment of Drs. G. A. Humphreys and C. Savini.

The trustees are pleased to acknowledge the faithful service of the attending physicians in the discharge of their duties.

They also take this opportunity to extend their thanks to the St. Johns Guild, the New York Diet Kitchen, the New York Flower Mission, the Society of Ethical Culture and the Herald Ice Fund for the benefits the dispensary patients have received during the past year from these charities.

We therefore again appeal to all friends of this noble charity to continue their support to aid us in carrying on the beneficial work of this time honored institution.

	FREDERIC J. DE PEYSTER,	
DAVID MAGIE, M. D.,		<i>President.</i>
	<i>Secretary.</i>	

NEW YORK DISPENSARY,  
January 1, 1899.

LIBRARY  
OF THE  
UNIVERSITY OF ILLINOIS  
30 JAN 1914

THE  
One Hundred and Ninth Annual Report  
OF THE  
BOARD OF TRUSTEES  
OF THE  
New York Dispensary  
For the year 1898.

DISPENSARY BUILDING,  
137 Centre Street, Corner of White Street.  
January 1899.

*"I was sick and ye visited me."*

## The New York Dispensary

is the oldest Dispensary in the city, having been founded in 1790. It has the largest District, and treats the largest number of patients yearly. It furnishes at the Dispensary surgical and medical aid to the deserving sick poor, no matter where they may live, and has an outdoor service for such as live in its district.

The Dispensary is entitled to the aid of the charitable as it is largely dependent upon *voluntary donations*.

A donation of Five Dollars entitles the giver to an Annual Membership.

A donation of Fifty Dollars entitles the giver to a Life Membership.

All contributions will be thankfully acknowledged by

**W. EMLEN ROOSEVELT, Treasurer,**

33 WALL STREET, or at the Dispensary.

# The New York Dispensary,

Corner Centre and White Streets, New York.

---

The district of the New York Dispensary embraces all of that section of the city below a line starting from the North River and running through Spring Street to Broadway, up Broadway to 14th Street, through 14th Street to First Avenue, and down First Avenue, Allen and Pike Streets, to the East River.

The New York Dispensary assists the taxpayers in diminishing pauperism and consequent crime.

The New York Dispensary assists the Board of Health; the District Physicians notifying the same of all nuisances, contagious diseases, and all that endangers the public safety.

The New York Dispensary assists in restoring the sick to health, and the poor to be self-supporting.

Should you not contribute to support a charity, which in the last one hundred years, has gratuitously treated over two millions of patients?

---

## FORM OF BEQUEST.

*I give and bequeath to the New York Dispensary, in the  
City of New York, the sum of                      Dollars.*
